

# Eventure Into Dade

## COMMUNITY EVENTS

### Winter Weather Timeline

Northern Alabama and Southern Middle Tennessee

#### Tonight-Thu

- Dry and bitterly cold
- Highs in the 35-40F range (colder in elevated terrain)
- Lows in the 23-27F tonight, and in the 15-20F range Thu morning (with colder wind chills)

#### Thu Night-Sat Morning

- Bitter cold persists
- High (70-90%) chance of accumulating winter precipitation
  - Monitoring potential precipitation type - could be all snow or mix of sleet/freezing rain and snow
- Confidence in accumulating snow and travel impacts is increasing

**NOTE: A change of just a few degrees will change the forecast, stay tuned for the latest updates.**

#### What you can do:

Dress in light and warm layers

Limit time spent outside

Keep flammable objects 3 ft from space heaters

Bring pets inside

Check on elderly family and neighbors

# 5 Things to Know about Winter Weather Forecasts

1

## Snow or ice totals can vary greatly over short distances

A heavy snow band may form, dropping more snow in one location while significantly less snow falls just a few miles away.

2

## Winter forecasts can change frequently

Forecasts may change as new model data becomes available. Always check [weather.gov](http://weather.gov) for the latest information.

3

## Focus more on the winter storm's impacts

Don't focus too much on exact numbers, and consider the full range of possibilities.

4

## Know your winter weather terminology

If a Watch is issued, get prepared for hazardous weather. If a Warning or Advisory is issued, take action – hazardous weather is occurring or will occur soon.

5

## Rely on a dependable source for weather info

Choose your information sources wisely, and follow a name or organization you know and trust.

For more information on winter weather safety, visit: [weather.gov/winter](http://weather.gov/winter)

# 'Cacheing In'

an introduction to Geocaching  
**Cloudland Canyon**

1:00 pm to 3:00 pm  
**SATURDAY, JANUARY 25, 2025**

Members of Team Bearcat will be on hand to get you started with Geocaching, the high-tech location-based 'treasure hunt'! Geocaching is an outdoor activity, in which the participants use a Global Positioning System (GPS) receiver or app on Smart phones and other navigation techniques to hide and search for containers, the so-called geocaches, anywhere in the world. There are over 25 geocaches here in Cloudland Canyon State Park!

## RIVER TO CLOUDS ROUTE

Scan code for more  
information

The River to Clouds Route is a multi-use route that traverses Lookout Mountain. Approximately 34 miles in length, the route begins at Cloudland Canyon State Park near Rising Fawn, Georgia, and follows the mountain north to the base of Lookout Mountain in Chattanooga, Tennessee where it connects to Chattanooga's Greenway System. This multi-use route is open to bicycles and foot travel, consisting of both single and double-track trails.

The RCR challenges the most seasoned adventure cyclists, runners, and hikers. Users can expect to encounter rocky technical sections, scenic overlooks, tumbling mountain streams, waterfalls, hidden hollers, unique rock formations, abandoned mines, and several historical sites.

The River to Clouds Route links together several public lands managed by different organizations, including Lookout Mountain Conservancy, National Park Service, Lula Lake Land Trust, Georgia-Alabama Land Trust, Covenant College, and Georgia State Parks. To find out where you can park overnight and camp, please consult the map and make sure to follow the rules and guidelines set by each land manager.
